Summit's Online OSHA 10 & 30 Hour training has proven to be one of the most efficient and easy to use means of obtaining your DOL/OSHA course completion card. OSHA 10 or 30 hour training sets the cornerstone for a safe working environment. More and more, states and contracting companies are requiring OSHA 10 hour completion for workers. Get it done your way with Summit's Online OSHA 10 & 30 Hour training.

Summit's robust system offers you more features and benefits than any other on the market, including:

- Set your own Elective Courses to tailor the training to your exact job needs
- Unique bookmark feature allows students to come back to training – students do not have to complete the training in one setting
- Summit's user-friendly administrator allows you to track employee progress, schedule training and view quiz scores
- Highly interactive online courses from Summit include video, animation, high-end graphics, and award winning content
- 24/7 technical support

Students have 180 days to complete the training, so there is no scheduling issues or loss of production associated with traditional classroom training.
