

MaxiFlex® Ultimate™

Product Description	Ultra lightweight precision assembly and material handling glove. Black Micro-Foam nitrile coating on fine gauge seamless knit grey liner.
Sizes Available	5 (XXS) – 11 (XXL)
Coatings Available	34-874 Palm Coating 34-875 ¾ Coating 34-876 Full Coating

MaxiFlex® Ultimate™

Feature	Unique Performance Characteristic	User Benefit
AirTech® 360° Breathability	<ul style="list-style-type: none"> Patented Micro-Foam nitrile coating offers 360° breathability 	<ul style="list-style-type: none"> Coating is much cooler for the wearer than other competitive offerings
ErgoTech® Ergonomic Design	<ul style="list-style-type: none"> Form, fit and feel mimics the “hand at rest” Latest knitting technology utilized to produce smooth rounded fingertips Elimination of fingertip thread deposits found in older technologies Patented Micro-Foam nitrile coating process eliminates polymer from inside glove 	<ul style="list-style-type: none"> Glove design reduces hand fatigue and provides a comfortable experience Fingertip design improves tactile sensitivity Allows snug fitting fingertips which is vital for performing precision work Improved comfort, especially over polyurethane coated products which run the risk of DMF exposure
Abrasion Resistance	<ul style="list-style-type: none"> Unique Micro-Foam nitrile formulation offers maximum abrasion at an industry leading minimum thickness 	<ul style="list-style-type: none"> Coating maximizes glove life without sacrificing dexterity or tactile sensitivity – 25% thinner than most competitive offerings with more than double the abrasion resistance
GripTech® Coating	<ul style="list-style-type: none"> Micro-Foam nitrile coating offers superior grip in dry and light oil applications 	<ul style="list-style-type: none"> Grip enhancement reduces worker fatigue and improves productivity
