DuPont Sustainable Solutions
TRAINING SOLUTIONS

DU PONT®
The miracles of science™

DESTRI-LIT-ENG-0712

Scalable applications with versatile implementation options

Manage users, curriculums and components as your learning needs evolve.

- Suite includes the Learning Management System (LMS), Interactive Courseware, Authoring Tool, Technical Reference System and Contractor Tracking System
- Standardizes training with measurable results
- Available on demand

LEARNING MANAGEMENT SYSTEM

Deliver, Manage and Track Learning

- Role-based access
- Multi-language interface
- Powerful reporting
- Self-registration and scheduling of online and classroom training
- Third-party course hosting
- Local support for global enterprises

OHS 2011 NEW PRODUCT OF THE YEAR

The Learning Management System was awarded the OHS 2011 New Product of the Year Award.

ASSESSMENT BUILDER

Identify Learning Gaps and Opportunities

- Build unique learning paths based on individual employee job roles and job knowledge
- Create customized assessments or surveys from a group of courses or from your own content
- Run detailed reports including test completion, scores and missed questions
- Generate a curriculum of courses based on an assessment or a survey response

INTERACTIVE COURSEWARE

Engage Employees with Compelling Content

- Interactive, rich-media delivery
- More than 1400 courses in safety, industrial skills, and ethics and compliance
- 20 languages available
- Branding options to increase relevance
- User-enabled course modifications — add video, graphics, and training points to make content site specific

AUTHORING TOOL

Create Your Own Custom Online Courses

- Use a wide variety of storyboard templates
- Include self-checks and post-tests to assess employee competency
- Intuitive interface for rapid development

**BRONZE BrandonHall TECHNOLOGY Excellence Learning 2011**

The Authoring Tool won the 2011 Bronze Brandon Hall Excellence in Learning Technology Award for Content Authoring and/or Content Management Technology.

CONTRACTOR TRACKING SYSTEM

Track Your Specific Work Requirements

- Online training
- Classroom training
- Individual certifications
- Other criteria as defined by your organization

Bring learning to life with engaging content from DuPont.

Driven To Distraction II   *Ethics Is A Competitive Advantage with Dr. Marianne Jennings*   *Energy Management Best Practices*

Professional services

Ensure a successful e-learning deployment with hands-on training, implementation support and technical assistance that meet the unique needs of your organization.

- Implementation support including customization and integration with internal and third-party systems
- Custom content creation available
- Can be conducted on site, via phone and online – within the environment that best suits your needs
- Marketing support to drive enrollment in your e-learning initiative

Experience & reliability

As a Fortune 100 company, we bring our customers stability, resources and innovation leading to sustainable solutions and long-term relationships.

- More than 25 years of workplace training innovation
- Backed by DuPont's 200 years of real-world experience – currently operating 210 sites in 90 countries
- Recognized as one of the world's safest and most ethical* companies
- Courseware incorporates sound instructional design to facilitate the transfer of knowledge
- Content is reviewed by subject matter experts to help ensure compliance with health, safety, environmental, ethical and operational standards
- Self-certified compliance with the United States/European Union Safe Harbor Program

*Covalence Ethical Ranking Report 2009
